

The Top 5 Benefits of Settling Your Future Medical with Ametros!

This guide explains how settling future medical portions of settlements can benefit you, your transition to life post-settlement, and how Ametros can support and protect you throughout the settlement process!

1

FREEDOM FROM UTILIZATION REVIEW

Settling the open medical portion of your case is a way for you to be able to see any doctor or use any pharmacy you want without the fear of getting denied. Ametros gives you the freedom from utilization review or any restrictions on your medical care moving forward.

SAVINGS

A lot of carriers and self-insured employers are willing to pay for Ametros' services on top of attorney's fees. With Ametros' family of services, you also receive maximum discounts on all medical expenses related to your injury. You can save up to 60% on provider bills and 28% on all other medical expenses, allowing your funds to last as long as possible.

2

3

CONFIDENCE

There are a lot of fears and anxiety that come with the thought of settling the medical portion of your case. Ametros is able to alleviate your fears with our services, savings and support ensuring you will be taken care of after settlement.

SUPPORT

After settlement, managing medical funds can be stressful as there are many rules and requirements. Ametros is dedicated to making your post-settlement life seamless. We manage your funds, so you never have to touch a bill or worry about paying for treatments. We also take care of all required reporting to Medicare, in the case of an MSA.

4

5

VISIBILITY

When you settle with a professional administrator, it is important that you will still have visibility into the account. Ametros' state of the art technology allows you to log on to your portal to check your fund balance, tracking, bills, and savings to date.

LIFE AFTER SETTLEMENT:

Our number one priority is making sure you are taken care of after settlement. Ametros' team of Care Advocates are available to 24/7 to help you transition to life post-settlement by helping to coordinate care and

The members of our Care Advocate Team also speak many different languages including Spanish, Portuguese, Italian, and more. For languages we don't speak, we have experienced translators we rely upon.

We are always willing to go the extra mile in making you feel comfortable.

OUR CARE ADVOCATES CAN ASSIST YOU WITH:

- Reimbursement for your care related injuries
- Prescription approval and coordination
- Durable medical equipment procurement
- Member, doctor, provider and pharmacy billing coordination
- Assistance to finding you medical providers and pharmacies within our own discount networks
- General member inquiries and feedback
- Claims processing for existing member providers
