

How Ametros Can Help You with Settlement During Difficult Times

In uncertain times, including what we are facing with the COVID-19 (Coronavirus) pandemic, Ametros can provide you with savings, support, and security to ensure your settlement funds last.

CareGuard is Ametros' best-in-class professional administration service that manages your future medical funds after your workers' compensation or liability settlement.

In fact, Medicare "highly recommends" you use an administrator, like Ametros, to help you manage your funds after settlement.

With our CareGuard service you can **rest assured knowing you have a team of experts** by your side.

How Ametros Extends the Life of Your Funds

- CareGuard works like a traditional insurance card, and you will never touch a bill. Simply show your CareGuard card at your provider's office or pharmacy.
- All provider and pharmacy bills are sent to Ametros; we review every bill and apply discounts so you can save money.
- You can save on doctor's office visits, healthcare treatments, durable medical equipment, and prescriptions, thereby minimizing the risk of running out of your settlement funds.
- Ametros coordinates with your other insurance benefits so you can make sure you are using the right coverage at the right time.

Alternative Resources

01. TELEHEALTH SERVICES

The Centers for Medicare & Medicaid Services (CMS) has increased access to telehealth for Medicare beneficiaries so they are able to receive more services from their doctors virtually, without visiting a doctors' office or other facility. Many doctors are also expanding their services to telehealth during this time. As part of your CareGuard membership, you also have access to telehealth services through our partner.

02. MAIL SERVICE PHARMACY

CareGuard partners with mail service pharmacies that provide safe home delivery for prescriptions nationwide.

03. PHARMACY DELIVERY

Many pharmacies offer home delivery, check with your local pharmacy to determine their options. Be aware however, that most will not deliver controlled substances. Many pharmacies are waiving delivery fees during this time, any delivery fees would not be covered by your settlement funds.

04. E-PRESCRIBING

Your prescriber can safely and securely send all medication prescriptions to your pharmacy so there is no need for a physical copy.

05. LARGER SUPPLIES

If needed, CareGuard allows for a 90-day supply at all pharmacies, including both mail and retail, if prescribed in those amounts by your prescribers. Note: State and Federal laws apply restrictions on some controlled substances.

06. DRIVE THROUGH PHARMACY

Many local pharmacies have drive-through options for picking up your prescriptions – consider using one of these options
